Report ID: exec-a9fadba7 | Generated: 2026-07-19T08:27:10.409178+00:00

Executive Summary

Baseline and retrained models are tied on f1 with difference 0.000000000000 (< 1e-9)

Dataset & Problem Definition

Problem Type: classification

Dataset Name: pipe-e6b91116

Target Column: target

Features: 5 features detected

Dataset Size: 150 rows

Model Performance Benchmarks

Candidate ID	Algorithm	Metric	Value
model_001	logistic_regression	f1	0.9333
ai_mc_2	random_forest	f1	0.9333
ai_mc_1	decision_tree	f1	0.9333

Champion Selection Governance

Selected Champion ID: model_001

Algorithm Family: logistic_regression

Winner Governance: TIE

Production Ready: False

Governance Reason: Baseline and retrained models are tied on f1 with difference 0.000000000000 (< 1e-9)

AI Critique & Recommendations

Baseline and retrained models are tied on f1 with difference 0.000000000000 (< 1e-9)

Execution Warnings

[WARN] MLPlan warning: Available system memory is critically limited for local ML workloads.
